

Town of Harpswell
Code Enforcement Office
NOTICE

PLEASE ENSURE THAT YOUR INSTALLER
RECEIVES THIS NOTICE ***PRIOR TO***
COMMENCEMENT OF WORK

The holder of this permit must be either the owner of the property or a person certifying they are authorized to act as the property owner's agent ***and*** is responsible for notifying the installer concerning the following inspection requirements:

The first inspection shall be conducted when the disposal site is prepared for, but prior to, the fill material being placed. The bed area and immediate fill extensions must be free from stumps, trees, brush or other foreign material. The entire area must be scarified.

The second inspection shall be conducted when the stone or devices have been installed along with the appropriate piping required. This inspection is to determine if the elevation and location of the system are correct, along with examining the fill material and devices used.

Requests for an inspection by the Local Plumbing Inspector shall occur **no fewer than twenty-four (24) hours prior to the desired inspection**. No system shall receive an inspection within twenty-four (24) hours of obtaining the plumbing permit.

If the system does not pass inspection and a second inspection is required a re-inspection fee will be required prior to that inspection. The cost of the re-inspection shall be \$20.00. Inspections must be scheduled and will be conducted during regular business hours.
