## About the Preserve

If you love exploring the ocean shoreline, this tiny preserve has just about everything you could want. There are extensive tide pools to explore, a gravel beach and dramatic views of Casco Bay. Standing at the southern tip of the preserve, you can enjoy an unparalleled view of a number of the islands that make Casco Bay so special including: Haskell, Pinkham, Bailey, Upper Flag, Thrumcap and Eagle islands.

Tide pools along the shoreline teem with life. You might be able to spot barnacles, oysters, crabs, shrimp, periwinkles, hermit crabs, starfish, sea urchins and the occasional lobster or squid. All live in these small pools, surviving the cycle of the tides and nestled within a bed of assorted seaweeds and kelp.

This is a great place to explore with your family, relax on the beach, take a swim or read a good book.
