

Recycling Committee  
Mission Statement

The Recycling Committee mission is to work with the Facility Manager to assess and recommend to the Select Board opportunities to reduce the amount of waste generated by Harpswell residents that cannot be recycled.

The Committee shall explore options to encourage Harpswell residents to 1) use recyclable materials; 2) consider reuse of materials, 3) increase the level of recycling.

In doing so the Committee may recommend an information campaign using flyers, posters, community TV, Town's website, etc.

The Committee shall comprehensively review the operations of the current Recycling Center and Transfer Station in order to make recommendations to the Manager and the Select Board, suggesting ways to control costs and to increase rates of recycling for the Town when feasible.

Adopted by the Board of Selectmen October 13, 2011

Liaison: Recycling Center Manager  
Approved by the Board of Selectmen June 28, 2007
