Financial Statement for Referendum Article 5 – Town of Harpswell: The issuance of bonds by the Town of Harpswell (the “Town”) is one of the ways in which the Town borrows money for certain purposes. The following is a summary of the bonded indebtedness of the Town as of the date of this Town Meeting:

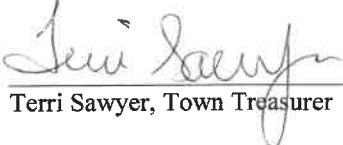

Total estimated debt service of the bond issue is \$689,696 of which principal is \$650,000 and estimated variable interest rate from 0.55% to 1.52% over 10 years is \$39,696.

Bonds Now Outstanding and Unpaid	\$ 4,570,000
Interest to be Repaid on Outstanding Bonds	\$ 1,097,394
Total to be Repaid on Bonds Issued	\$ 5,667,394

Additional Bonds Authorized But Not Yet Issued	\$ 350,000
Potential New Interest on Bonds Not Yet Issued	\$ 22,820
Total bonds authorized but not yet issued and estimated interest	\$ 372,820

Additional Bonds to be Issued if Approved by Voters:	\$ 650,000
Estimate of Potential New Interest on Such Additional Bonds	\$ 39,696
Total Cost of Principal and Estimated Interest To Be Paid if Approved by Voters	\$ 689,696

When money is borrowed by issuing bonds, the Town must repay not only the principal amount of the bonds but also interest on the bonds. The amount of interest to be paid will vary depending upon the rate of interest and the years to maturity at the time of issue. The validity of the bonds and of the voters’ ratification of the bonds may not be affected by any errors in the estimates made of the costs involved, including varying interest rates, the estimated cost of interest on the bond amount to be issued, and the total cost of principal and interest to be paid at maturity.
