

Canine Management Task Force

Mission Statement:

The Canine Management Task Force will be responsible for developing recommendations pertaining to canine rules and regulations at Town-owned properties. Such recommendations, including their associated costs, will be made to and considered by the Board of Selectmen for implementation and for further action by the Town Meeting, if necessary. In developing its recommendations, the Task Force shall review current rules and regulations, gather pertinent data/information, seek public input, and explore strategies that may lead to new canine rules and regulations and/or modification of existing ones. Recommendations should be made with the objective of creating a safe and healthy environment with clear and predictable expectations for all users of public property.
